

## Swimming and Water Safety Impact Evaluation End of Key Stage 2 2019-20

The National Curriculum programme of study for PE sets out the expectation that pupils should be taught to:

- Swim competently, confidently and proficiently over a distance of at least 25 metres
- Use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]
- Perform safe self-rescue in different water-based situations.

*All pupils at Mortimer St Mary's Juniors normally have the opportunity to swim regularly in summer term 2. However, this year due to lockdown and school closures, swimming has been unable to take place. The data below is based on the Year 6 2019-20 cohorts Year 5 swimming assessment data (summer 2019).*

*Data based on the 43 pupils we had last summer term. We have one pupil in the 2019-20 Year 6 cohort that we do not have data for.*

What percentage of your Year 6 pupils could swim competently, confidently and proficiently over a distance of at least 25 metres when they left your primary school at the end of last academic year?	86%
What percentage of your Year 6 pupils could use a range of strokes effectively [for example, front crawl, backstroke and breaststroke] when they left your primary school at the end of last academic year?	86%
What percentage of your Year 6 pupils could perform safe self-rescue in different water based situations when they left your primary school at the end of last academic year?	88%
Schools can choose to use the primary PE and sport premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	No possible this year due to school closures

Suggested next step: extra swimming sessions for pupils not on track to achieve the NC expectations for swimming by the end of Year 6.
