

The Family Learning for this project is to create your own traditional Maori mask.

Adult led activity:

Research traditional Maori masks and what they are used for.

Child led activity:

Design your own Maori mask and label the required materials.

Joint activity:

Make and decorate your own Maori mask.

The project is due in on **Monday 1st February**. Please upload a photo of the finished mask on your class **Home Learning SeeSaw**.

Our new project is based on New Zealand

The children in Year 1 have received information from the New Zealand tourist board that they need to encourage more visitors from the UK to go on holiday to New Zealand. The children will be finding out about New Zealand and will share their learning with you via SeeSaw.
